

COLOR CRYSTAL FIRE BURNERS

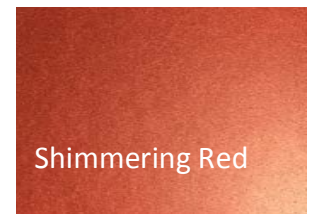

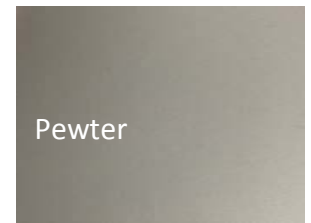

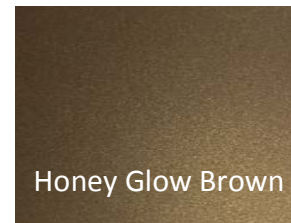

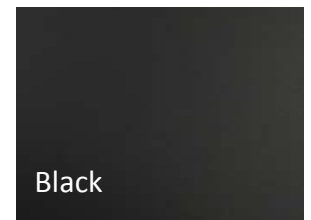

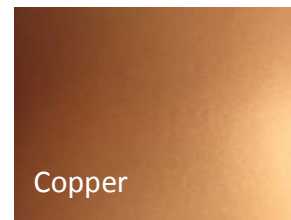

Crystal Fire™ Burners

Round-Square-Rectangular-Linear

Color coated Crystal Fire Burners are made from high quality stainless steel then color coated and include tempered crystal fire glass and ignition controls. All burners are UL approved for safety and quality. They work with our line of fire pit tables or can be purchased separately for custom-built fire pits. Colors available include Copper, Shimmering Red, Honey Glow Brown, Black, and Pewter. Custom colors available. All burners have a matte finish, all are metallic except for Black.

The Crystal Fire runs for 8-plus hours using a 20 lb. propane tank or can be hooked up to a natural gas line. Adjust the flame height to your desired setting and enjoy the magic and ambience of a warm glowing fire today. With just the push of a button, a beautiful clean-burning fire appears atop a bed of glass fire gems.

The use of a glass wind guard is recommended to ensure the lasting quality of the color finish. Further customize your burner with tempered glass fire media.

FEATURES:
