

**HONDA NC 700 X
SARGENT WORLD SPORT PERFORMANCE SEAT
INSTALLATION GUIDE**

Tools Required

8mm socket wrench

Installation

Remove OEM seat according to the user's manual using a 5mm allen wrench to remove bolts.

Remove both collar bushings and rubber grommets from OEM seat and install them on your new Sargent seat.

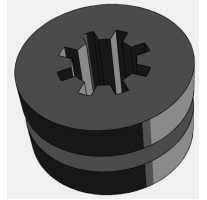

Install Sargent seat as you would your OEM seat per user's manual.

Note

You may also choose to purchase the collar bushings and rubber grommets at your local Honda dealer instead of using the parts from your OEM seat.

*Rubber/Grommet OEM part # 61304-415-000
Collar/Bushing OEM part # 90501-MFA-D00*

Rubber/Grommet
