

Direct Vent Gas Fireplaces

WELCOME GREAT STYLE INTO YOUR HOME

MAKE A STYLISH STATEMENT.

With a variety of options, ranging from specialty and contemporary to more traditional styles, you're sure to find the Monessen direct vent gas fireplace to create a statement that's in perfect step with your new home or addition.

ALL OUR DIRECT VENT GAS FIREPLACES
OFFER GREAT FEATURES LIKE THESE:

CHECK OUT THE VIEW

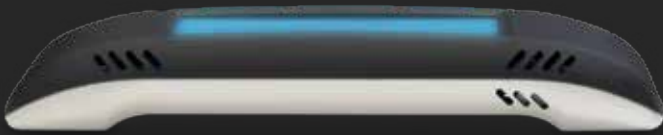

Designed to deliver a beautiful flame picture, all our fireplaces provide an expansive view of the fire that will delight friends and family.

COZY COMFORT

No matter which style you choose, you can be sure everyone will cozy up to our Monessen fireplaces that deliver ample BTUs to help heat your home.

EXCLUSIVE CONTROL SYSTEMS

Monessen offers three exclusive control systems designed to deliver just the right level of comfort for your space. From the elegant simplicity of the EcoLogic® System to the ultimate control of Total Signature Command®, fireplace control technology has never been better. Optional remote controls, electronic ignition systems, and battery-back up kits ensure your unit operates easily, at peak efficiency and when you need it most — during those winter storms when the power goes out!

You never have to worry about another cold night with a Monessen gas fireplace.

READ MORE ABOUT OUR CONTROL
SYSTEMS ON THE BACK COVER.

SAFETY FIRST

Because our fireplaces were designed to deliver maximum BTUs to provide the best heating solutions for your home, the units will become hot to the touch. Consequently, all Monessen/Majestic direct vent fireplaces come standard with a certified safety barrier. The screen barrier affixes to your fireplace and has been approved by a third party testing agency to conform to specific standards designed to prevent injury from hot glass.

UNDERSTATED CHIC

A versatile, easy-to-install fireplace that delivers a great-looking flame, the Patriot model offers excellent value in a stylish package. Accessorize it to suit your space—traditional log set and firebrick, contemporary stone and glass or something in between.

PATRIOT QUICK LOOK

Sizes	33", 36", 42"
Heating Capacity	Up to 900 sq. ft.
Max BTUs	Up to 24,000
Thermal Efficiency	Up to 78%
Control System	IPI or Millivolt Control
Safety Screen Barrier	Included
160 cfm Blower	Optional

ADDITIONAL FEATURES

- Flexible installation — The Patriot fireplace ships with a traditional log set, ready to add your choice of firebrick or porcelain panels. Swap the log set for a stone and fireglass kit or fireglass for a contemporary look at a budget friendly price.
- Optional battery back up kit (for IPI models)
- Optional remote three step flame control
- Safety screen barrier

ULTIMATE CONVENIENCE AT YOUR FINGERTIPS

Monessen offers **three control systems** for our direct vent gas fireplaces. Discover the level of control that's right for you!

EcoLogic® System

The EcoLogic® fireplace control system offers the benefits of an energy efficient intermittent pilot system, with the simplicity of a millivolt valve.

Featuring:

- Electronic ignition — just flip the wall switch to enjoy your fireplace.
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

Signature Command® System

An A/C adaptor is included; however, unlike competing control systems that require A/C to function, the Signature Command® System can be installed where no power is available, making it more convenient than ever to enjoy your fireplace.

Featuring:

- ON/OFF 3-step variable flame height adjustment
- Automatic, uninterrupted battery back-up during power outages
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

Total Signature Command® System

Enjoy the convenience of a technologically advanced and energy efficient fireplace control system! By adding a simple module you can have all the features below*:

Featuring:

All of the features included with Signature Command® System

PLUS:

- Smart Mode® thermostat for enhanced energy efficiency — it automatically adjusts flame height and/or blower to maintain the desired temperature, using only the energy it needs to help save on fuel costs.
- TSFSC Full Function Touch Screen remote control
- Rear burner shut down feature lowers heat output as much as 70% for ambiance when heat is not needed (on select fireplaces)
- A/C accessory model for added control features, like household lighting, waterfall feature, and more!

*if equipped with required accessories

Remotes and thermostats are available for all models for added convenience.

Touch screen hand held ON/OFF remote. A Touch Screen remote comes standard with Total Signature Command® models.

Thermostat ON/OFF remote control with 3-step flame height adjustment and 3-step blower control with receiver.

Not all control systems available on all models.
