AMBIANCE CLX LINEAR ELECTRIC FIREPLACE

AL45CLX2
AL60CLX2

The popular Ambiance CLX2 electric fireplace offers the ultimate combination of versatility and design. This award winning electric fireplace series has received an upgrade with an improved look and easier customer customization. The Ambiance CLX2 features a NEW color changing orange to blue flame for year around use, a thermostat for setting the temperature in your room to that ideal setting and includes 2 styles of media (coals, glacier diamond glass) for easily changing the look and feel of your fireplace. Finally choose from one of our 4 surround upgrade of stainless steel, black stainless steel, powder coated white glass or matte black glass for the ultimate in customization. The 45" and 60" size are the perfect addition to any bedroom, living room, office and many more.

AMBIANCE CLX LINEAR ELECTRIC FIREPLACE

AL80CLX2
AL100CLX2

These two impressive lengths are designed for larger spaces to give a WOW factor for any project. Own the electric fireplace that can be viewed in countless Wendy's Restaurant's, Marriott Hotels and other commercial projects across the country. Enjoy all the same customizable features of the 45" and 60" units, orange to blue color changing flame for year around use, a thermostat for setting the temperature in your room to that ideal setting and includes 2 styles of media (coals, glacier diamond glass) for easily changing the look and feel of your fireplace. Finally choose from one of our 4 surround upgrade of stainless steel, black stainless steel, powder coated white glass or matte black glass for the ultimate in customization. These big units still easily recess into a 2" x 4" wall and have a thermostat heater that easily heats up a 450 square foot room.

TOUCH SCREEN TECHNOLOGY

Directly below the flame on the right hand side you will find a series of touch controls. The 3 stacked icons (in order) operate the power, heat (on/off) and light intensity. Hold the light intensity for 5 sec to change the back screen color from orange to blue. To the right of the stacked icons you will see a digital readout with arrows on the top and the bottom. The digital readout indicated the temperature the thermostat is set too. Touch the arrows above or below the digital readout to increase or decrease the set temperature. All touch controls fade to black after 4 seconds.

REMOTE CONTROL
