Podium maximum depth 5 in

EXCLUSIVE FEATURES

SEALED ASH PAN

This large ash pan is sealed with a door gasket to prevent ashes and dust from infiltrating the room. This feature also provides an easy and a clean way to dispose of the ashes.

UNIQUE DOOR OPERATION

This ergonomic design is durable, user-friendly and allows the doors on each side of the fireplace to remain hermetically shut by means of a latch for a secure operation.

REMOVABLE ASH LIP

Clean and convenient – this removable accessory prevents the ashes from falling on the hearth.

STAINLESS STEEL FIREBOX

Supreme has been building stainless steel fireboxes for over two decades because of its many benefits: quicker heat transfer, more durability and less maintenance.

CHIMNEY SWEEPING CAP

This unique feature allows for easy access when cleaning the chimney without having to remove any components of the fireplace.

PATENTED AUTOMATIC AIR CONTROL

This innovative mechanism provides automatic means to gradually reduce the combustion air to the user's preset setting. Patent No: US 7,325,541 B2

OPTIONS

- Fireplace available in metallic black or charcoal
- Comes completely assembled in two different styles: the classic louvers or the diamond pattern grills
- Can be installed inside a masonry chimney with a stainless steel liner
- Hot Air Duct Kit

The Opus can accept up to two hot air ducts to heat rooms as far as 30 feet away. This option is ideal for sending warm air to the basement.

The OPUS can be installed with the following chimneys:

- Super Pro (model SPR or ALT), 6"
- Supervent (model JSC or JM), 6"
- Selkirk (model Ultra Temp or CF Sentinel), 6"
- Security Chimneys (model Secure Temp ASHT or S-2100), 6"
- Oliver MacLeod (model HT 6000), 6"
- ICC (model Excel 2100-2), 6"
- DuraVent (model Duratech HT or Duraplus HTC), 6"
- Metal Fab (model Temp Gard, class A), 6"
- American Metal (model Ameritec HS or HSS), 6"
- Olympia Chimney (model Ventis), 6"

EASE OF OPERATION

The Opus has a unique and innovative design that calls for a quicker and easier way to start a fire. Just follow these simple steps and you will have a perfect fire every time.

- 1) Place two logs on the bottom of the fireplace
- 2) Add a firestarter on top of the two logs
- 3) Add two more logs on top of the firestarter
- 4) Activate the air control by pushing the handle inwards
- 5) Light the fire starter
- 6) Close the door

The OPUS won a Vesta Award for best new wood burning fireplace. The Vesta Awards are presented by *Hearth & Home Magazine*, at an industry-wide ceremony, honouring companies for their innovations in product design and technology.

A wood burning fireplace is the centre of your home; an open invitation to come and gather and an irresistible enticement to stay, a hub where dreams are fashioned, where relationships blossom, and where memories are forged. Your wood burning fireplace charms all your senses, offers calm and serenity as it shuts out the hustle and bustle of everyday life.

Supreme, your provider of warmth, elegance, and reliability for over 30 years, is a convivial family owned business dedicated to its environmental responsibility, its customers, and its full line of products.

Our commitment to the environment is broad and all inclusive. It begins in our plant where, in accordance with our environmental policies and whenever it is possible, we choose materials and practices which are not harmful to the environment, and produce the highest quality EPA approved fireplaces and inserts, burning cleaner and producing far fewer emissions than ever before.

We are also dedicated to offering our customers a wonderful and seamless experience. We sell warmth, comfort and peace of mind, and fully propose the same kind of customer support through uncompromising quality, warm sophistication, and lifetime dependability. With this combined level of individual consideration and commitment we can guarantee that you will be and remain completely satisfied.

Our award winning products are of the highest quality, incorporate the most innovative designs and technologies, are guaranteed to be extremely user friendly and are backed by one of the best warranties in the business. Their sophisticated timeless beauty will delight you for years to come.

Join us, escape to your home, pause quietly by your hearth,
*"Dreaming the dreams of the most fortunate,
Warm and toasty....."* (Frances W Carlin, 2009)©
